SB 229

There are two weeks left in the 2014 Legislative Session. It has been an interesting session. Not being a budget year, it limits the types of bills that are typically heard.

One bill we wanted to bring to your attention:

SB229 - This bill was amended in committee to allow guns on school property if kept in a car locked and out of sight. This would include private schools. As I understand the amendment, it does not prohibit a school from having policies that would prohibit guns, but there would be no criminal consequences.

The bill is scheduled for second reading today before the full House.

The author of the amendment is Rep. Jim Lucas (a friend of non-public schools).

Please feel to contact Representative Lucas or your representative to share your feelings on this issue.

You can find contact information for your legislators here: [My Legislator](#).

We will provide a full summary of relevant legislation in the next few weeks.

Sincerely,
John
