Special Education Voucher Interim Provisions

As you know the State Board did not approve the emergency rules for the special education component of the Voucher Program on Wednesday (at our request).

Please find below a note and a linked announcement from Becky Bowman, State Director of Special Education, regarding the provision of services for Choice Scholarship students with IEP/ISP until rules are passed (hopefully at the September 4th Board Meeting).

We are hoping to get clarification of how this might impact the September 1st voucher application deadline (especially special education voucher applicants).

Ladies and Gentlemen:

In order to provide schools with direction on the provision of special education to choice scholarship students pending adoption of emergency rules, the attached document will be posted on the Learning Connection in the Indiana Special Education Administrators

community. It will also be included in the Superintendent's next edition of "DOE Dialogue." Please share this information with your colleagues and constituents, and as always, let me know if you have any questions or need additional information.

Thank you.

Becky
